Other Important Information

- Classes are on Tuesdays and Thursday from 5:30pm - 8:30pm
- Classes are held online through Zoom
 - You will need regular access to high quality internet and a reliable computer to be successful in this course
- The full course catalog, detailed course calendar, and enrollment agreement will be sent to you after you have applied, paid your application fee, and been accepted into the program
- Your tuition includes participation in APL practicum weekends but not transportation or lodging in Portland for those dates. If you would like to pursue practicum in your area, more opportunities are emerging. Please see the practicum information tab on the website for the most up-to-date information about practicum relationships APL has with service centers around the state.
 - PLEASE NOTE: You must satisfy the Practicum requirements either during APL practicum weekends in this cohort OR through alternative arrangements with service centers in your area in order to successfully complete the course and be eligible for licensure. Only APL practicum is a guaranteed opportunity to meet those requirements as Service Center practicum is dependent on their availability, compliance, and willingness to serve students as practicum sites.
